

Cut

Medium Duty

## Medium-duty, abrasion- and cut-resistant gloves designed for dry to slightly oily surfaces

- **Enhanced durability:** EDGE<sup>®</sup> 48-711 safety gloves are ideal for mediumweight applications in dry to slightly oily environments that require cut and abrasion resistance, and are more economical compared to mediumweight leather, thick cotton or aramid work gloves
- **Augmented dexterity:** These PU-coated gloves feature a seamless liner that ensures ease of movement, enabling flexibility and precise handling for delicate tasks throughout the workday
- **Increased protection:** Thanks to their elastic knitwrist, EDGE<sup>®</sup> 48-711 high-quality work gloves provide a snug fit that prevents dirt and debris from entering, affording better safety and hygiene for the hand as well as wrist

### Industries

- Machinery and Equipment
- Maintenance
- Metal fabrication

### Applications

- Assembling metal parts and components
- Handling sharp or irregular metal pieces
- Assembly of white goods
- Assembly & inspection of components
- General maintenance
- Finishing works

#### Key Features

- **Palm PU coating:** For protective gloves with added grip and durability
- **Seamless design:** For flexible, hard-wearing high-dexterity work gloves
- **Elastic knitwrist:** Form-fitting and comfortable hand protection gloves

#### Performance Standards & Regulatory Compliance

ANSI/ISEA 105-2024

EN388: 2016

4X42B
