

Introducing the 3M Aura 9300+ Series Disposable Respirators

Breathing ease

Low breathing resistance filter technology

- gives effective filter performance whilst lowering resistance to breathing resulting in improved comfort

3M™ Cool Flow™ Valve

- effectively removes heat build up to provide a cooler and more comfortable wear
- removes exhaled air and minimises the risk of fogging eyewear

Clear vision

Embossed top panel

- helps reduce the fogging of eyewear

Sculpted nose panel

- curved, low profile design conforms well to nose and facial contours
- helps provide a good field of vision
- improves compatibility with eyewear

Convenience

- flat-fold; easy to store when not in use
- hygienic individual packaging helps protect the respirator from contamination before use
- meets EN 149:2001+A1:2009 requirements

Innovative chin tab

- improves ease of donning and adjustment to help achieve a comfortable fit

Face and head comfort

Design and material

- ingenious 3-Panel design fits a wide range of face shapes and sizes to accommodate your facial movements
- collapse resistant; ideal for work in hot humid environments
- stays securely in place, helping to provide a good, comfortable seal
- large soft nose foam material and smooth inner cover web both feel incredibly soft on the skin and help to create a comfortable environment for the face
- extremely lightweight
